

ALPHA SPEEDBOX

User Guide

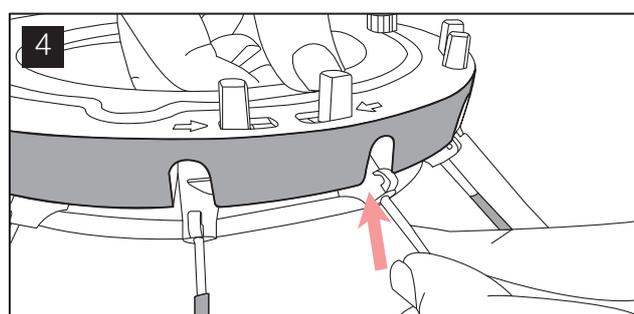

Initial Assembly

1
Connecting the rods
Insert the 12 rods into the rod holders on the speedring.

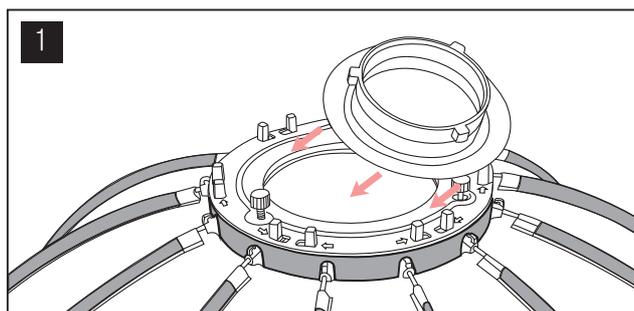

3
Securing the fabric and rods to the speedring.
Pull the elastic loops attached to the fabric over the hooks on the rod holders.

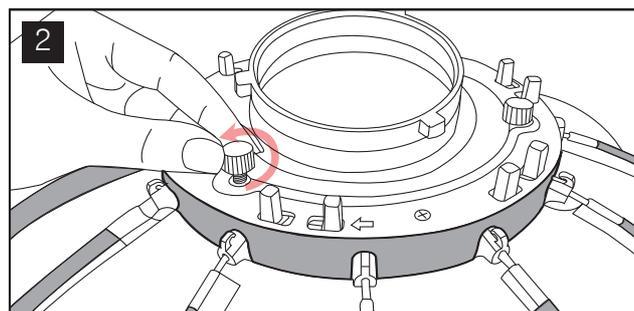

4
Opening the softbox.
Pull the rods back into the groove in the speedring until the rod holders click in place.

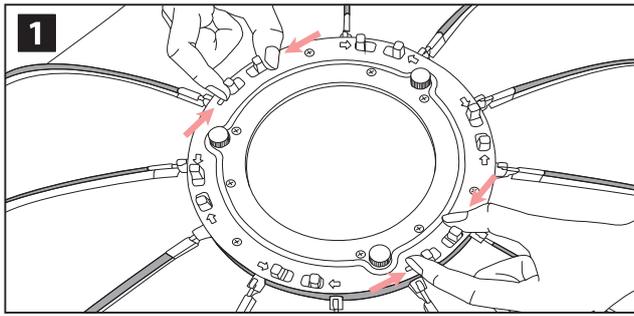

Attaching Strobe Adapter

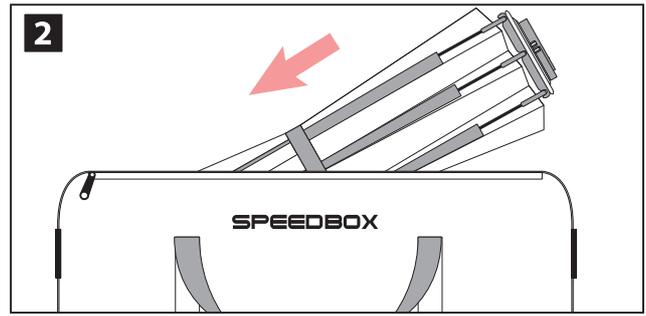

1
Attaching strobe adapter
Unscrew the 3 pieces of locking screw on the back of the speedring. Then mount the appropriate strobe adapter. Secure by tightening the locking screws.

Closing the Alpha Speedbox

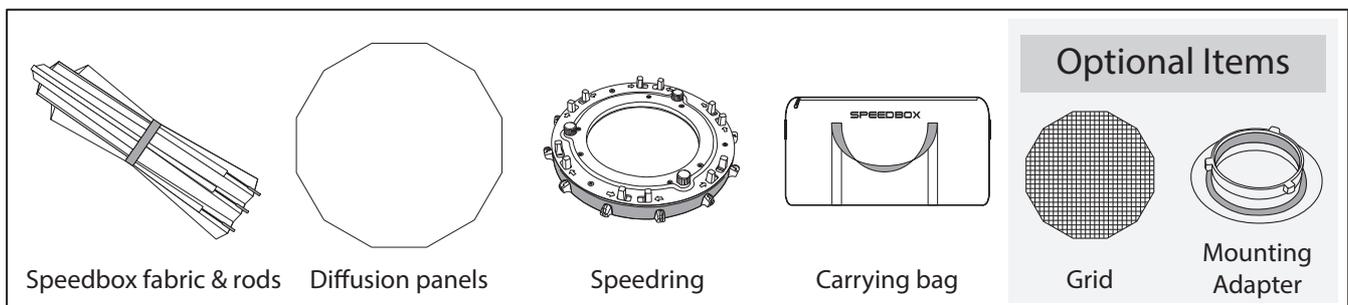

Close the Alpha Speedbox by simply releasing the rods from the speedring by squeezing on the 6 sets of tabs on the back of the speedring.

Storage
Tie the folded speedbox with attached hook-and loop fastener then store it in the carrying bag.

Parts Reference

Maintenance Tips

WARNING: Do NOT mount or operate this product with a strobe using halogen modeling light rated over 300W.
Do NOT store or operate near flammable gases or when fumes are present.
Do NOT drop it or subject it to physical shock and vibration.
Clean with mild detergent and soft cloth. Do not use solvents such as thinner or benzene.
Store in carrying bag when not in use.

Limited Warranty

SMDV provides to the original consumer purchaser of this product a limited warranty against defects in materials and workmanship for 1-year from the date of original purchase from an authorized SMDV dealer/retailer. At SMDV's option, defective product will be repaired or replaced. Repair or replacement is the exclusive remedy under the warranty. Warranty is void if SMDV determines that the product was subject to abuse, misuse, negligence, or unauthorized repair.

To obtain warranty service, the product must be returned to SMDV or authorized service representative with the proof of purchase.
